SUMMARY

- I am always looking for innovative ways to apply my knowledge into wisdom. Whether it is through creating new things, teaching others what I have learned or just enjoying the freedom to learn.

EXPERIENCE

Mansfield University of Pennsylvania

2017 – Present

- High Tech Computer Assistant
- During full time enrollment my full-time job in college was a High-Tech Computer Assistant. This is an experienced level job with a high level of database information, organization and hardware/ software management.

Mansfield University Residence Life

2015 – 2016

- Resident Assistant
- I managed projects, wrote incident reports, spoke with authority figures, networked, developed leadership skills, watched over 20-100 students, developed and managed activities, held biweekly meetings, advertised for campus activities, and maintained above a 3.5 QPA.
